

MIXOLOGIJA

U Mokoshu, naš mixology lab je mjesto gdje se kreativnost susreće s prirodom i postaje divlja u rukama našeg miksologa, Tome.

Pripremite se kušati njegove kreacije koje će vas iznenaditi i, nadamo se, oduševiti. Sve u našim pićima izrađeno je od nule, koristeći naš vrt kao inspiraciju i izvor za cvijeće i bilje.

At Mokosh, our mixology lab is where creativity meets nature and goes wild in the hands of our mixologist, Tomo. Get ready to taste his creations that will surprise you and, hopefully, wow you. Everything in our drinks is crafted from scratch, using our garden as both inspiration and a source for flowers and herbs.
